Material Thickness:

0.032 inches

Side For Which Designed:

Left side

Aircraft Location:

Lower pylon leading edge

Aircraft Mission Design Series:

Chinook

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-362 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11500
