Overall Length:

51.000 inches

Overall Width:

4.700 inches

Product Name:

Fairing

Aircraft Location:

Fairing instl rear cockpit canopy side

Aircraft Mission Design Series:

T-38

Special Features:

Dim are stock material; sheet magnesium alloy az 31b-h24

Material:

Magnesium alloy

Material Specification:

Qq-m-44 cond h federal specification 1st material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11500
