Overall Length:

3.000 inches

Overall Width:

2.800 inches

Material Thickness:

0.125 inches

Product Name:

Filler

Aircraft Location:

Canopy-forward assembly of

Aircraft Mission Design Series:

T-38a

Special Features:

Used on -1, -501, -505, -503, -507, -511, -513, -515; nha 3-13201; sheet magnesium az31b-h24; dimensions are stocksize

Material:

Magnesium alloy az31b

Material Specification:

Qq-m-44 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A11800
