**Overall Length:**

3.000 inches

**Overall Width:**

2.800 inches

**Material Thickness:**

0.125 inches

**Product Name:**

Filler

**Aircraft Location:**

Canopy-forward assembly of

**Aircraft Mission Design Series:**

T-38a

**Special Features:**

Used on -1, -501, -505, -503, -507, -511, -513, -515; nha 3-13201; sheet magnesium az31b-h24; dimensions are stocksize

**Material:**

Magnesium alloy az31b

**Material Specification:**

Qq-m-44 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A11800
