End Application:

Rotary wing aircraft, sikorsky

Product Name:

Filler

Special Features:

Subassembly is beam instl b.L. 5.4 stabilator

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250-5 military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800

Mil-std (military Standard):

spec.
