Overall Length:

2.080 inches

Overall Width:

1.860 inches

Material Thickness:

0.156 inches

Product Name:

Serrated plate, wheel door, main landing gear

Aircraft Location:

Main landing gear

Aircraft Station Number:

Fus387.88 and bl21.65

Aircraft Mission Design Series:

F-5

Special Features:

Thru hole 0.656 inch diameter; serrated surface

Material:

Aluminum alloy 6061

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
