Side For Which Designed:

Left side

Product Name:

Honeycomb core

Aircraft Location:

Door instl-ladder

Aircraft Station Number:

Sta238-sta254

Aircraft Mission Design Series:

A-10

Special Features:

U/o -31; nha 160d111000

Material:

Aluminum alloy 5052

Material Specification:

Mil-c-7438, grade b, class 2 (nonperforated), densi type 4.4, cell size 3/16, foil size .0015, aloy 5052 military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700

Mil-std (military Standard):

Mil-c-7438 spec.
