Overall Length:

10.300 inches

Overall Width:

4.400 inches

Material Thickness:

0.080 inches

Product Name:

Plate

Aircraft Mission Design Series:

A-10

Special Features:

Used on 160d117101-1, -3, -5 windshield assembly; heat treat t6; alcd sheet; dimensions are stocksize

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/12 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
