Airfoil Rib - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/1560-01-517-6844

Overall Length:
58,000 inches
Overall Width:
23.000 inches
Material Thickness:
2.500 inches
Product Name:
Rib, rh
Aircraft Location:
Wing
Aircraft Station Number:
90.000
Aircraft Mission Design Series:
A-10
Special Features:
Replaces -12; plate, ams4050; heat treat t7351; dimensions are stocksize; nha 160d611405
Material:
Aluminum alloy 7050
Material Specification:
Qq-a-250/12 federal specification single material response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
Yes - demil/mli
Filg:
A11400
