Securing Device Type:

Threaded fastener

End Application:

F-16c/d

Product Name:

Cover, engine access, assy of

Special Features:

Same as -825 except modification; on engine access; fs446 to fs494; nha 16b65210

Material:

Aluminum alloy 2024

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A531h0
