Overall Length:

48.300 inches

Overall Width:

7.000 inches

Next Higher Assembly Identification Designator:

Lex-e-0621

Product Name:

Insulation blanket

Aircraft Location:

Infrared heat shield instl (outboard)

Aircraft Mission Design Series:

Ac-130h

Material:

Stainless steel and ceramic

Material Specification:

Ams5510 assn standard single material response and ams 0814 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A11700
