Overall Length:

32.000 inches

Overall Width:

32.000 inches

Material Thickness:

2.000 inches

Product Name:

Splice plate

Aircraft Location:

Upper rib cord splice plate

Aircraft Station Number:

Bbl54.980

Aircraft Mission Design Series:

B-52

Material:

Aluminum alloy

Material Specification:

Ams 4252 t7751 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
