Material Thickness:

0.040 inches

Aircraft Location:

Upper nacelle firewall assembly.

Aircraft Mission Design Series:

C-130b

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-362 cond o federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
