Next Higher Assembly Identification Designator:

160d611511

Product Name:

Upper skin assembly

Aircraft Location:

Trailing edge wedge assembly, center panel

Aircraft Mission Design Series:

A-10

Special Features:

Fabricate per s-f502

Material:

Aluminum and adhesive and plastic polyimide

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
