Overall Length:

2.250 inches

Overall Width:

4.000 inches

Product Name:

Support, wing

Aircraft Location:

Wing spar

Aircraft Station Number:

Fs293.80, bl 41.50

Aircraft Mission Design Series:

F-16

Special Features:

Alt matl may be machined from 2.250x4x10, ams 4050-t7451, must meet class a ultra sonic inspection requirements per mil-i-8950 (ndts 5101)

Material:

Aluminum alloy 7050

Material Specification:

Qq-a-367 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
