**Overall Length:**

60.000 inches

**Overall Width:**

28.000 inches

**Material Thickness:**

0.100 inches

**Aircraft Location:**

Inboard flap leading edge

**Aircraft Mission Design Series:**

C-17

**Special Features:**

Dim. Are stock material

**Material:**

Aluminum alloy 2219

**Material Specification:**

Dms 1719, t3 assn standard single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11500
