Overall Length:

6.000 inches

Overall Width:

5.700 inches

Material Thickness:

0.050 inches

Aircraft Location:

Mlg fairing & wing panel replacement

Aircraft Mission Design Series:

A-10

Special Features:

Dims are stock material; -2 opp -1; nha 160j611013

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5. Al clad sh federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
