Overall Length:

4.000 inches

Overall Width:

4.000 inches

Material Thickness:

0.125 inches

Aircraft Location:

Bulkhead aft, air inlet plenum

Aircraft Mission Design Series:

C-5

Special Features:

Dim. Are stock material; finish per f-1-1-1; heat treat per stp54-101; mafr name clip

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5, t42 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
