Overall Length:

4.000 inches

Overall Width:

3.300 inches

Material Thickness:

0.050 inches

Product Name:

Hinge, jettison tube support

Aircraft Location:

Jettison tube

Aircraft Mission Design Series:

Ch-47

Special Features:

Heat treat to t42 after forming

Material:

Aluminum alloy 2024

Supplementary Features:

Matl al2024-0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A11800
