Overall Length:

5.400 inches

Overall Width:

2.750 inches

Material Thickness:

0.250 inches

Aircraft Location:

Lower rudder bearing kit

Aircraft Mission Design Series:

B-1b acft

Special Features:

Heat treat t851

Material:

Aluminum alloy 2124

Material Specification:

Qq-a-250/29 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
