**Overall Length:**

8.000 inches

**Overall Width:**

1.250 inches

**Material Thickness:**

0.032 inches

**Product Name:**

Retainer

**Aircraft Location:**

Structure installation, rear cockpit canopy, aft

**Aircraft Mission Design Series:**

T-38 aircraft

**Special Features:**

Heat treat 0; dim are stocksize

**Material:**

Aluminum alloy 6061

**Material Specification:**

Qq-a-250/11 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11800
