Overall Length:

16.100 inches

Overall Width:

2.800 inches

Material Thickness:

0.050 inches

Product Name:

Seal angle

Aircraft Location:

Housing instl, engine pylon

Aircraft Mission Design Series:

A-10a

Special Features:

Heat treat to t-62 per mil-h-6088; dim are stock matl; next higher assembly, 160d412031, u/o a-10a 1 and up

Material:

Aluminum alloy 2024

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
