Overall Length:

41.200 inches

Overall Width:

6.200 inches

Thickness:

0.020 inches

Aircraft Location:

Skin installation elevator nose

Aircraft Mission Design Series:

C-135 aircraft

Special Features:

Heat treat t3 temper; opposite -814; clad sheet; used on -1 & -27; dimensions are stock matl.

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-362 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
