**Overall Length:**

6.200 inches

**Overall Width:**

1.290 inches

**Material Thickness:**

0.050 inches

**End Application:**

Ef-18, aircraft

**Product Name:**

Bracket, alignment, support, fail safe engine mount, outboard

**Aircraft Location:**

Engine mount, outboard

**Aircraft Mission Design Series:**

Ef-18

**Material:**

Aluminum alloy 7075

**Material Specification:**

Qq-a-250/13 cond t6 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11800
