Overall Length:

17.750 inches

Overall Width:

14.000 inches

Material Thickness:

4.250 inches

Product Name:

Fitting, support-no. 1&2 spoiler wing panel, assembly of

Aircraft Location:

Spoiler wing

Aircraft Mission Design Series:

B1 acft

Special Features:

Ams 5604, cres plate, alloy17-4ph, cond h1025

Material:

Steel comp 630

Material Specification:

Ams5604 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
