Overall Length:

6.910 inches

Overall Width:

5.010 inches

Material Thickness:

0.530 inches

End Application:

B-1b aircraft

Aircraft Mission Design Series:

B-1b

Special Features:

Alum plate; nha l1600042; effectivity on b-1b 83-0065 through 86-014 (aircraft 2 through 100) ; heat treat t7351

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/12 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
