Overall Length:

7.550 inches

Overall Width:

4.830 inches

Material Thickness:

0.878 inches

End Application:

B-1b aircraft

Aircraft Mission Design Series:

B-1b

Special Features:

Heat treat t7351; nha l1600042; effectivity suitable for b-1b aircraft 2 through 100, 83-0065 through 86-0140.

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/12 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
