End Application:

A-10a

Product Name:

Seal assembly

Aircraft Location:

Duct seal, nacelle

Aircraft Station Number:

Fs155.315

Aircraft Mission Design Series:

A-10a aircraft

Special Features:

Alcd sh, heat treat t6; c/o -39 retainer, -41 retainer

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/13 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
