Overall Length:

24.000 inches

Overall Width:

15.000 inches

Material Thickness:

0.050 inches

End Application:

E-2c; frame, power plant-nac, nose cowl

Product Name:

Inavy: frame assembly

Aircraft Location:

Frame, power plant-nac, nosecowl

Aircraft Mission Design Series:

E-2c

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5 assn standard single material response

Surface Treatment:

Alodize and primer epoxy-polyamide

Surface Treatment Specification:

Mil-c-5541cl1a military specification all treatment responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400

Mil-std (military Standard):

Mil-c-5541cl1a spec.
