**Overall Length:**

24.000 inches

**Overall Width:**

15.000 inches

**Material Thickness:**

0.050 inches

**End Application:**

E-2c; frame, power plant-nac, nose cowl

**Product Name:**

Inavy: frame assembly

**Aircraft Location:**

Frame, power plant-nac, noseowl

**Aircraft Mission Design Series:**

E-2c

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-250/5 assn standard single material response

**Surface Treatment:**

Alodize and primer epoxy-polyamide

**Surface Treatment Specification:**

Mil-c-5541cl1a military specification all treatment responses

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11400

**Mil-std (military Standard):**

Mil-c-5541cl1a spec.
