Overall Length:

7.900 inches

Overall Width:

4.700 inches

Material Thickness:

0.040 inches

End Application:

Kc-135

Product Name:

Rib instal

Aircraft Location:

Elevator nose

Aircraft Station Number:

Es202.98

Aircraft Mission Design Series:

Kc-135

Special Features:

Opposite -13, c/o splice plates, rib, attach angle, seal retainer, filler; clad sht; heat treat 0 & t6; finish f-2.115

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-287 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
