Overall Length:

0.680 inches

Overall Width:

0.260 inches

Material Thickness:

0.050 inches

End Application:

Av-8b night attack aircraft

Side For Which Designed:

Both sides

Product Name:

Cover assembly-actuator, rudder, stabilizer, vertical

Aircraft Location:

Vertical stabilizer

Aircraft Station Number:

Vss 29.800 to vss 46.678

Aircraft Mission Design Series:

Av-8b night attack aircraft

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/13 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
