**Overall Length:**

19.500 inches

**Overall Width:**

3.100 inches

**Material Thickness:**

0.063 inches

**Aircraft Location:**

Former-empennage support beam

**Aircraft Mission Design Series:**

F-15

**Special Features:**

Dim. Are stock material

**Material:**

Nickel alloy 718

**Material Specification:**

Ams5596 assn standard single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11400
