Overall Length:

6.500 inches

Overall Width:

0.900 inches

Material Thickness:

0.090 inches

End Application:

Kc-135

Product Name:

Filler

Aircraft Location:

Rib install. Interspar

Aircraft Station Number:

Es25.58 to es27.45

Aircraft Mission Design Series:

Kc-135

Special Features:

Finish 2.30; heat treat t3; dimensions are stocksize; used on -17 & -18

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-355 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
