Overall Length:

14.100 inches

Overall Width:

7.100 inches

Material Thickness:

0.032 inches

End Application:

E-3a

Product Name:

Shelf assembly

Aircraft Mission Design Series:

E-3a

Special Features:

C/o (-29 partition), 1 (-28 striker plate) ; heat treat t3; sheet alum clad; finish srf-2.30

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
