Overall Length:

13.000 inches

Overall Width:

11.000 inches

Material Thickness:

0.050 inches

End Application:

E-3a

Product Name:

Bracket assembly

Aircraft Location:

Fwd avionics cooling air sub system

Aircraft Station Number:

Fs600h

Aircraft Mission Design Series:

E-3a

Special Features:

Alum sheet; heat treat t3; finish srf-2.30 and srf-14-9812

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
