Overall Length:

6.930 inches

Overall Width:

1.690 inches

Material Thickness:

Between 0.050 inches and 0.110 inches

End Application:

Harrier ii aircraft

Hole Quantity:

4

Side For Which Designed:

Left side

Product Name:

Support -lh aft, equip shelf, nose barrel

Height:

1.490 inches

Material:

Aluminum alloy 7075

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
