Overall Length:

8.500 inches

Overall Width:

2.100 inches

Material Thickness:

0.050 inches

Product Name:

Angle stiffener-closure rib, elev. Trailing edge

Aircraft Location:

Elevator trailing edge

Aircraft Mission Design Series:

C-135 acft

Special Features:

Heat treat t3

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-362 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
