Overall Length:

3.000 inches

Overall Width:

2.000 inches

Material Thickness:

0.250 inches

Product Name:

Filler

Aircraft Location:

Wing box assembly

Aircraft Mission Design Series:

F-16 acft

Special Features:

Nha 16w030; heat treat t851; opposite -23

Material Specification:

Qq-a-250/4 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
