Aircraft Structural Plate - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/1560-01-537-3502

Material Thickness:
0.016 inches
Product Name:
Filler, retangular, radiused edge, aluminum alloy
Aircraft Mission Design Series:
C-135
Special Features:
Heat treat t73
Material:
Aluminum alloy 7075
Material Specification:
Qq-a-250/12 federal specification single material response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A11400
