Overall Length:

48.000 inches

Overall Width:

8.000 inches

Material Thickness:

0.100 inches

End Application:

F-16

Aircraft Location:

Lwr fuselage, station 446.10 to fs494

Aircraft Station Number:

Fs446.10 to fs494

Aircraft Mission Design Series:

F-16

Special Features:

Nha -5; fnsh a403; -32 opposite; matl. Is stocksize,

Material Specification:

Qq-a-250/4-t62 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
