Overall Length:

3.375 inches

End Application:

F18 e/f

Side For Which Designed:

Both sides

Features Provided:

Casehardened

Product Name:

Leveling pad; inavy leveling pad, aircraft

Aircraft Location:

Ejection rack

Special Features:

Threaded stud unc-2a or anf-2a

Material:

Steel

Surface Treatment:

Chromate or chromate zinc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A11800
