Overall Length:

19.000 inches

Overall Width:

9.000 inches

Aircraft Location:

Compressor stator

Aircraft Mission Design Series:

C-130

Special Features:

Heat treat t3; t351; stp51-302 fabrication 0227 marking ident mil-std-130 marking specification p-26 finishes

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A11400
