**Overall Length:**

3.800 inches

**Overall Width:**

3.300 inches

**Material Thickness:**

0.064 inches

**End Application:**

Kc-135

**Product Name:**

Bulkhead

**Aircraft Location:**

Rear spar instl. Elevator

**Aircraft Station Number:**

Es26.54-70.38

**Aircraft Mission Design Series:**

Kc-135

**Special Features:**

Opposite -9; finish 2.30; alum sheet; o temper

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-355 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11400
