Overall Length:

72.500 inches

Overall Width:

17.000 inches

Thickness:

0.125 inches

End Application:

B-1b dna

Aircraft Location:

Upper spoiler no.1

Aircraft Mission Design Series:

B-1b bomber

Special Features:

Nha l100001; spares

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/12 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
