Overall Length:

70.500 inches

Overall Width:

15.500 inches

Thickness:

0.125 inches

End Application:

B-1b spares

Aircraft Location:

Spoiler

Aircraft Mission Design Series:

B-1b

Special Features:

Replaces -006; nha l1600002; heat treat t73; opp -007

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-25/12 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
