End Application:

A-10

Product Name:

Rib

Aircraft Location:

Deceleron, le

Aircraft Station Number:

Ws284.56

Aircraft Mission Design Series:

A-10

Special Features:

Opposite -22; used on -1; al forg; heat treat t73; -11 rib shown alt for -21 per dwg.

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-367 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
