End Application:

F/a-18e/f; environmental controls

Largest Outside Diameter:

1.067 inches

Product Name:

(inavy)coupling half, clamp, aircraft material

Special Features:

Coupling half, flexible, fluid line, threadless integral electrical bond; clamshell type flexible fluid line; pawl latch type

Shape:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T164-a
