**Overall Length:**

37.120 inches

**Overall Width:**

9.500 inches

**Material Thickness:**

0.055 inches

**End Application:**

B-1b

**Aircraft Location:**

Wing panel rib aft

**Aircraft Mission Design Series:**

B-1b

**Special Features:**

Dim are stock size; nha l1804001 a/c 19 and subq

**Material:**

Aluminum alloy 7075

**Material Specification:**

Qq-a-250/12 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11400
