Overall Length:

37.120 inches

Overall Width:

9.500 inches

Material Thickness:

0.055 inches

End Application:

B-1b

Aircraft Location:

Wing panel rib aft

Aircraft Mission Design Series:

B-1b

Special Features:

Dim are stock size; nha l1804001 a/c 19 and subq

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/12 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
